

TANK SHIELD

Since 1888, AFC has worked tirelessly to build a reputation of providing dependable and professional service.

With that in mind, we are happy to offer our customers in Central Maine a wide selection of Comfort Agreements, which includes our TANKSHIELD agreement.

Your heating oil storage tank is vital to your home heating system, and should always be protected against oil leaks that can cause damage to your system or your home. Moisture and condensation can form inside your tank . . .which can lead to corrosion . . .which can cause your tank to leak after a number of years of use.

For a small yearly cost, our TANKSHIELD program warranties that we will replace your oil tank at no charge* if a leak should occur while you are covered by our program. Not bad, when you consider that the cost of replacing a leaking oil tank can be a significant, unplanned expense and can range from \$2,800 to \$3,500!

Sign up for low-cost, high-protection TANKSHIELD today. AFC is serving Augusta, Waterville, Clinton, Gardiner, Winthrop, Hallowell, Oakland, Winslow and surrounding towns around Kennebec County, Maine. For a complete list, please visit our website.

* Parts and labor, including removal and disposal of your old tank. Does not extend to environmental cleanup. Costs for permits and safety code upgrades such as new oil lines, fills, or vents is extra.

Ask for warranty statement to review complete terms.

** This plan will be terminated without notice and without refund if the customer purchases fuel from any other source or if customer refuses automatic delivery.
